

The Natural Sleep Solution That Instantly Calms Your Busy Mind

Say goodbye to sleepless nights & wake up refreshed!

It's 3 am and you're wide awake. You've got a million thoughts racing through your mind.

You can't switch off and relax and it feels like you'll never drop off.

What little sleep you get doesn't refresh you. You wake up feeling like you never went to sleep at all.

When your sleep suffers, it affects every part of your life. Not getting enough sleep is a major factor in health conditions such as heart disease, diabetes and obesity.

You've tried *everything* to get into a good sleep pattern.

A dark, cool bedroom? Tick.

Switching off your electronics two hours before bedtime and reading instead? Tick.

A warm bath to get that optimum body temperature for sleep? Tick.

You're doing everything the experts tell you. And you're still sleep-deprived and exhausted.

You even begged your doctor for sleeping tablets so you could grab some precious shut-eye but they just made you feel like a zombie every morning.

If only you had a reliable and natural sleep solution to help you drift off into dreamland ...

Harness The Power Of An Ancient Remedy

Essential oils have supported healthy sleep for thousands of years. They've been used since ancient times to heal and restore.

They're 100% natural and proven to relax and de-stress even the busiest mind.

When you inhale their scent or absorb them through your skin, you can relax deeply.

And that's half the battle for a good night's sleep!

But it's hardly convenient to diffuse your go-to oils or mix them with carrier oils in the middle of the night and that's why we created a sleep aid that's easy and practical to use when you need it most.

Introducing the Sweet Dreams Aromatherapy Rollerball!

We created our Sweet Dreams Aromatherapy Rollerball to put the therapeutic power of aromatherapy at your fingertips, even if you're a newbie with essential oils.

We've included a blend of the most relaxing essential oils to promote healthy sleep.

Stress-busting lavender, calming rose, and soothing jasmine melt away stress and tension for a blissful sleep.

Switch Off Your Busy Mind For A Deep & Peaceful Sleep

1. Dab onto pulse points on your temples, wrists, neck, or behind your ears.
 2. The warmth of your pulse points "diffuses" the scent of the essential oils into the air.
 3. As you breathe it in, the scent acts on your olfactory system and activates the "emotional centre" in your brain. This stimulates the production of neurotransmitters, including mood-boosting serotonin and dopamine.
-

A Soothing Blend Of 100% Essential Oils To Supercharge Your Sleep

The Sweet Dreams Aromatherapy Rollerball is a powerful blend of essential oils for a blissful night's sleep.

Lavender

Mild sedative effects to help you drift off into a deep restorative sleep

Improves quality of sleep

Lowers physical stress, including heart rate and rich in linalool to calm the central nervous system

Ylang Ylang

Like lavender, ylang ylang has sedative effects and promotes blissful sleep

It also works on the autonomic nervous system and lowers blood pressure and heart rate

Decreases cortisol levels and reduces anxiety

Jasmine

It's less famed as a sleep aid but according to studies, jasmine is just as effective as lavender

Improves sleep quality and reduces restless nights

Makes you more alert in the daytime too

Rice bran oil

- Helps lock in the therapeutic scent of the essential oils for the deepest relaxation

Safflower Oil

- Delivers a fast-absorbing and non-greasy application so your bed sheets aren't stained - even if you use the rollerball every night!

Rosemary

- Protects against oxidization and helps the essential oils to last for longer

How It Works

Your aromatherapy rollerball will be delivered to your door via next-day courier delivery.

If you need to return your rollerball for any reason, you can send it back to us free of charge.

Frequently Asked Questions

What ingredients does the Sweet Dreams Aromatherapy Rollerball contain?

The main ingredients are lavender, rose, and jasmine essential oils.

They're supported by rice bran oil, safflower oil, and rosemary - all of which have extra benefits that boost the therapeutic effects of the rollerball and make it easy to use.

Can I use it every day?

Our Sweet Dreams aromatherapy rollerball is ideal for nightly use.

Is it suitable for sensitive skin?

We created the product to suit all skin types but if you have very sensitive skin, we recommend doing a small patch test before using it more liberally. You're unlikely to have an adverse reaction but this can put your mind at rest.

Does it contain perfumes?

Only the purest essential oils make it into our Sweet Dreams Aromatherapy Rollerball. We don't add any perfumes as they're simply not needed!
